## Angles Dog; Lives Youngster

LAND, Cal., Dec. 29.—  
An eleven-year-old boy  
lost his life to an Oakland  
dog which strangled a  
child with his bare hands.  
George Hazen, 29, dis-  
covered the dog had at-  
tacked several children, arrived  
home to discover a huge  
white bulldog mauling  
a young child. A crowd had  
gathered, but stood helplessly by  
as the child died.  
The dog was shot and  
killed. The dog previously  
strangled four other children in  
the neighborhood.

## PLAN ATOMIC ENGINES FOR U. S. WARSHIPS

CHICAGO, Dec. 29.—(UP)—  
Officials of the Westinghouse  
Electric Corporation estimated  
today it would take from two to  
six years to design and build an  
atomic engine to power warships.  
The engine would revolutionize  
naval warfare by permitting  
fleets to stay at sea indefinitely.  
Alfonse Tammara, manager of  
the commission's office here, an-  
nounced that a letter contract  
was given Westinghouse to co-  
operate with the Atomic Energy  
Commission's Argonne National  
Laboratory here for development  
of an experimental naval engine  
"within the shortest practical  
time."

The experimental engine, he  
said, will be developed to meet  
specifications of construction and  
performance laid down by the  
Navy Department Bureau of  
Ships.

The Argonne Laboratory will  
have responsibility for the de-  
sign, development and engineer-  
ing of the naval power plant.  
Westinghouse will be in charge  
of detailed engineering, construc-  
tion and operation of the engine.  
At Pittsburgh, Charles Weaver,  
head of the Westinghouse  
Corporation's Atomic Power De-  
partment, said about 600 men, most-  
ly engineers and scientists, will  
work on the project at a special  
plant to be constructed in the  
Pittsburgh area.

He said the company will start  
building the plant in several  
months.

The main problem, scientists  
said, will be to reduce the size  
and weight of atomic reactors,  
such as are now in operation at  
Oak Ridge, Tenn., and Hanford,  
Wash., so as to make them port-  
able and still maintain safety.

Naval experts at Washington  
nailed the AEC's announcement  
as the first major step toward  
applying recent atomic discov-  
eries to this country's sea de-  
fense.

## MARCH OF DIMES CAMPAIGN GOAL IS \$9,000 HERE

DRIVE ORGANIZATION MEET-  
ING WAS HELD TUES-  
DAY EVENING

A March of Dimes organiza-  
tion meeting was held in the  
Public Service rooms Tuesday  
evening, at which time plans  
were made for the 1949 drive of  
the organization. The committee,  
headed by Drive Chairman Rich-  
ard Reeves, hopes to raise \$9,000.  
James Pence is permanent chair-  
man of the committee while  
Morris Hunter is treasurer.

Other active workers include  
Russell Clapp, solicitor of special  
merchants gifts; Rex A. Bo-  
atton, physicians gifts; and Wil-  
liam Unsworth, industrial gifts.

The Cloverdale Lions club will  
have charge of the campaign in  
the south part of the county,  
while the Home Economics Club  
of every township have been con-  
tacted and they will act as solici-  
tors in their communities.

A house to house canvas will  
be made under the direction of  
Henry Myers, chairman.

In addition, a basketball game  
between a widely known profes-  
sional team and local talent will  
be staged for a benefit perfor-  
mance.

A home talent show for the  
same purpose will be given in  
the near future and these two ac-  
tivities are expected to raise a  
large fund.

Cloverdale, Rosedale and  
Greencastle have all had police  
cases and local funds have been  
expended to treat and rehabilitate  
the cases. The local com-  
mittee has spent about \$3500 on  
the cases and now owes the Na-  
tional Organization \$227 it was  
said Tuesday night.

## Ooley Rites At Spencer Friday

Mr. and Mrs. Mack Ooley of  
Spencer have received word that  
the body of their son, Staff Sgt.  
Wilbert H. Ooley will arrive in  
Bloomington this evening and  
will be taken to the Dresher Fun-  
eral Home, North Main street,  
Spencer, where it will remain  
and the funeral will be held Fri-  
day afternoon at 2:00 o'clock.  
Friends may call at the funeral  
home anytime. The American  
Legion will have charge of the  
funeral.

Staff Sgt. Ooley was born in  
Owen county, November 30, 1914.  
He attended Spencer county  
schools and graduated from the  
Spencer High School with the  
class of 1938. The family later  
moved to Greencastle where Wil-  
bert was working at The Ren-  
dovous for Bruce Shannon at the  
time he entered the service. He  
entered from Putnam county  
Oct. 8, 1941. He received his  
basic training at Fort Sill, Okla-  
homa with the 160th F. A. B. N.  
Battery "E" 45th Division. He  
was later transferred to Pine  
Camp, New York and then to  
overseas duty in May, 1943  
where he served 2 years with the  
"Thunder Bird" 45th F. A. B. N.  
He was killed while on patrol  
duty near Luxembourg, May 28,  
1945.

He was a member of the Red  
Men's Lodge.

INDIANA BANKS SEEK  
FIVE-DAY WORK WEEK  
INDIANAPOLIS, Dec. 29.—  
Lawyers for the Indiana Bankers  
association were drafting a law  
Tuesday which would permit  
banks throughout the state to  
go on a five-day week.

The proposed law will be sub-  
mitted to the next legislature.  
It would make the five-day  
week permissible for such banks  
as wish to adopt it.

## RESCUES 12 FROM ICECAP

IN A VICTORIOUS CLIMAX to a three-week battle with the  
Arctic elements, a jet-assisted, ski-fitted Air Force platoon flown by  
Lt. Col. Emil G. Beaudry (left) lands on a gale-lashed Greenland  
icecap and rescues 12 stranded U. S. airmen. Col. Beaudry, from  
Manchester, N. H., is the 32-year-old World War II combat veteran  
who saved nine marooned airmen in similar fashion a year ago. At  
right is Mrs. Anna Hedvall, mother of Lt. Allard Hedvall,  
reading the good news in her Seattle, Wash., home. Her son was  
one of the pilots marooned in the first unsuccessful attempt to  
rescue the stranded flyers (International)

## Hoosiers Are Preparing For A Gay But Inexpensive New Year's Eve

INDIANAPOLIS, Dec. 29.—  
(INS)—Indiana today seemed to  
be readying for a gay but in-  
expensive celebration of the  
New Year.

Reports from night club op-  
erators and tavern owners are  
that the downward trend of busi-  
ness during the past year will  
have its effect on New Year's  
Eve.

Predictions are that the  
crowds of revelers will be small-  
er at the public thirst parlors  
and clubs and that more Hoos-  
iers will stage home parties.

Also, many churches will hold  
circus-like watch parties Fri-  
day night and Catholic and some  
other churches will have special  
services on New Year's Day.

Nearly all business places and  
public buildings will be closed on  
Jan. 1 and many of them will  
terminate activities at noon the  
day before.

State and local police issued  
warnings that special blockades  
and traps will be planned for  
drunken drivers who will be tai-  
lored to jail in patrol wagons. The  
possibility of inclement weather  
also was cited as an additional  
hazard for the inebriated motor-  
ists.

The Indiana Alcoholic Beverage  
Commission called attention  
to the fact that the taverns must  
cease serving drinks at midnight  
New Year's Eve, but clubs are  
allowed a deadline of 1 a. m.  
Saturday. After those times le-  
gal sales of intoxicants are ban-  
ned until 7 a. m. Monday.

The Commission warned that  
all officers will be on duty to  
check the taverns and clubs with  
respect to closing hours, and  
with maintaining a dry Saturday  
and Sunday.

Tavern owners predicted that  
their customers would be soberer  
than in past years. With less  
money in circulation and a great-  
er spirit of moderation prevail-  
ing, they said the merry-makers  
probably would drink more beer  
and less hard liquor than in the  
lays of yore. Prices of beverage  
remain about the same as last  
year except for the fact that a  
number of taverns have reduced  
slightly the tariff on mixed  
drinks because of the business  
slump.

A score or more of Indiana  
chapters of Alcoholics Anony-  
mous will stage dry but jovial  
watch parties and dances Friday  
night at which the beverages will  
be coffee and soft drinks. A  
huge dance of some 250 will be  
held by the A. A. in Indianapolis.  
One of the members said:

"We'll have a lot more fun  
than we used to have when we  
were on the bottle."

SERVICES HELD FOR  
RUSSELLVILLE MAN  
Last rites were held at Rus-  
sellville Wednesday afternoon at  
2 o'clock for Levi Williamson.  
Rev. E. W. Fitch, pastor of the  
Russellville Christian church,  
was in charge of the services.  
Burial was in the Russellville  
cemetery.

Mr. Williamson passed away  
Sunday afternoon at his home in  
Russellville.

## RENEW SEARCH FOR PLANE DOWN IN CARRIBEAN

30 PERSONS ABOARD CHART-  
ERED SHIP MISSING FOR  
THREE DAYS

MIAMI, Fla., Dec. 29.—(UP)—  
A swarm of military and civil-  
ian aircraft took off at dawn to-  
day to begin the second day of  
searching for a chartered passen-  
ger plane missing over the Car-  
ibbean with 30 persons aboard.

Three American crew members  
and 27 Puerto Rican men, women  
and children were known to be  
aboard the plane which vanished  
early yesterday on a flight from  
San Juan, Puerto Rico, to New  
York.

Coast Guard officers directing  
the hunt added a blimp from  
Boca Chica Naval Air Station to  
the searching aircraft and wid-  
ened the search area to include  
the northern coast of Cuba.

The plane's pilot, Robert Lin-  
quist of Ft. Myers, Fla., sent his  
one distress message at 4:13 a.  
m. yesterday, six hours after he  
took off from San Juan.

He said then that he believed  
his position was about 50 miles  
south of Miami. But a search  
from dawn to the last minute of  
daylight by 43 military planes  
and low-flying civilian craft failed  
to turn up a trace of the miss-  
ing plane.

Hunter planes planned to cov-  
er the north coast of Cuba today on  
the off chance that the pilot had  
miscalculated his position. Most  
searchers believed, however, that  
the passenger plane was down at  
sea or crashed among the tang-  
led jungle of Florida's Everglades.

Besides Linquist, crew mem-  
bers aboard the chartered DC-3  
were co-pilot Ernie Hill of Miami  
and Stewardess Mary Burke of  
Jersey City, N. J.

All passengers aboard the  
plane, owned by the Airborne  
Transport Co. of New York,  
were believed to be Puerto  
Ricans returning to New York  
after a Christmas visit to their  
homeland.

If the plane went down at  
sea, chances for survival of those  
aboard was good, the Coast  
Guard said, since the plane car-  
ried three man life preservers for  
all hands.

## Phone Co. Asks 15% Increase

INDIANAPOLIS, Dec. 29.—  
(UP)—The Indiana Bell Tele-  
phone Co., which a month ago  
asked the state to allow a "mod-  
erate" increase in telephone rates,  
today set the amount of in-  
crease asked at 15 per cent.

Public Service Commission of-  
ficials investigating the request  
hinted that the investigation  
may not be completed in time for  
a hearing on the petition, sched-  
uled to begin Feb. 13. However,  
John B. Bailey, director of the  
State Public Utility Tariff Bur-  
eau, said the hearing "will begin  
on schedule."

The company's petition for a  
rate increase, when filed last  
month, did not specify rate  
schedules but said that "present  
rates are not sufficient to meet  
the rising costs of doing business  
and to provide a fair return on  
our rapidly increasing plant in-  
vestment."

The rate increase at that time  
was termed "moderate," probab-  
ly less than an average of 15 per  
cent.

Public Service Commissioners  
said today they would look into  
the cost of labor and material  
and the company's earnings in  
an effort to determine the val-  
idity of the increase request.

Specific schedules announced  
today showed that average in-  
dividual residence phone rates  
would go up from \$4.50 to \$5.17  
a month if the request is grant-  
ed. Two-party phones would  
rise from \$3.80 to \$4.37 and four-  
party lines from \$3.10 to \$3.55.

Rural residence rates would  
average \$3.56 where they are  
\$3.10 now, while individual busi-  
ness phone rates would jump  
from \$13.50 to \$15.52 and busi-  
ness extensions from \$1.50 to  
\$1.82.

Company officials said in their

## EXTRA!

LAFAYETTE, Ind., Dec. 29.—  
(INS)—Arthur L. Colbert, 29-  
year-old Daviess county farmer  
was crowned Indiana's corn king  
for 1948 at Purdue University  
Agricultural Conference today.

Colbert was the 1947 reserve  
corn champion at the Interna-  
tional Exposition. His 10-ear  
entry this year was of the certi-  
fied Indiana 813 B type.

Kenneth F. Blackwell, of  
Franklin, former state legislator  
and a member of the Indiana  
Fair Board, won the reserve  
championship as runner-up to  
Colbert.

RENO, Nev., Dec. 29.—(INS)—  
A strong earthquake in Reno  
today reportedly knocked down  
a number of power and telephone  
lines in the mountains along the  
California-Nevada border. To-  
day's quake was described as  
much sharper than any of those  
in a series of quakes centered in  
Reno Monday.

WASHINGTON, Dec. 29.—  
(INS)—The 12 airmen snatched  
from a gale-whipped Greenland  
icecap in a dramatic "jet rescue"  
were southward bound today for  
a spectacular welcome in New  
York.

Lt. Col. Charles Short, public  
information officer at Westover  
Field, Mass., announced that the  
rescued airmen and the heroic  
pilots who lifted them from the  
icecap will be flown non-stop  
from Labrador to LaGuardia  
Field, New York.

MIAMI, Dec. 29.—(INS)—A  
10-plane search armada soared  
over the Caribbean air lanes be-  
tween Miami and Puerto Rico to-  
day in the second day of a far-  
flung hunt for a missing DC-3  
chartered airliner carrying 30  
persons.

Hope was waning fast for the  
lives of 27 passengers and three  
crew members aboard. Officers  
feared the plane crashed into the  
sea, since no radio messages have  
been received from it.

PARIS, Dec. 29.—(INS)—The  
United Nations Security Council,  
with the United States abstain-  
ing, again ordered a cease-fire in  
Palestine today and then ad-  
journed until Jan. 6 at Lake Suc-

## WINDS, SNOW SWEEP ACROSS GREAT LAKES

By United Press  
Blustering gales and heavy  
snowfall struck the Great Lakes  
today as a severe storm swept  
across the Midwest toward the  
Atlantic ocean.

Winds up to 50 miles an hour  
battered across Illinois and Wis-  
consin bringing with them snow  
storms and freezing rains that  
made driving hazardous through-  
out the area.

The storm, born in the North  
Pacific, battered the California  
coast line earlier this week, push-  
ed inland over the Rocky Moun-  
tains and then gathered intensity  
as it pounded across the western  
plains.

Forecasters said the storm  
center would cross almost direct-  
ly over Chicago about noon to-  
day, heading in an east-north-  
easterly direction for the St.  
Lawrence valley.

The Weather Bureau warned  
that as much as eight inches of  
snow could be expected in central  
Wisconsin. Early today, heavy  
snowfall already was falling at  
Wausau and Green Bay. Lighter  
snow with glazing rains was pre-  
dicted for southern Wisconsin  
and northern Illinois.

Storm warnings were posted  
over the Great Lakes.  
Forecaster H. S. Kenny said  
temperatures were falling 10 de-  
grees within an hour's time in  
the wake of the storm. He warn-  
ed that because of the high  
winds, "the air will be filled with  
drifting snow in many areas even  
though the actual snowfall  
doesn't amount to much."

Behind it, the storm left huge  
drifts of snow scattered across  
Colorado, Kansas and Iowa. Utah  
reported a 12-inch snowfall. The  
accumulated 15 inches on the  
ground at Salt Lake City was the  
deepest in the city's history.

A freezing mist halted traffic  
on many southern Minnesota

## CATHOLICS ARE TARGETS FOR CZECH ATTACK

BITTER CAMPAIGN LAUNCH-  
ED AGAINST BISHOPS  
AND PRIESTS

PRAGUE, Dec. 29.—(UP)—  
The Czechoslovakian government  
launched a bitter attack on Cath-  
olic priests and bishops today  
which observers believed may  
parallel the Cardinal Mindszenty  
case in neighboring Communist-  
controlled Hungary.

The attack was inaugurated  
by a dispatch distributed through  
the official Czech news agency  
which said that workers were  
complaining that some priests  
were "traitors to the Peoples  
Democratic Republic."

The dispatch said the workers  
also demanded that Czech bish-  
ops "clarify their attitude to-  
ward the present regime"—Comm-  
unist phraseology for declaring  
allegiance to the Communist-  
controlled government.

This attitude on the part of  
the workers, the dispatch said,  
was disclosed in thousands of  
letters sent to the powerful Cen-  
tral Trade Union Council and the  
Central Action Committee.

Mention of these two powerful  
organizations indicated to ob-  
servers that the government de-  
terminately intends to take action  
against priests and bishops op-  
posed to the Communist regime.

"Many workers' resolutions  
and letters are being received by  
the Central Trade Union Council,  
the Central Action Committee  
and other organizations demand-  
ing that Czech bishops declare  
their stand on questions of  
priests who by their activity  
have branded themselves traitors  
and foes of the republic," the  
dispatch said.

The dispatch quoted one letter  
which allegedly demanded ex-  
communication of those priests  
who were "serving the interests  
of foreign reaction and trying to  
undermine the Peoples Demo-  
cratic regime."

Similar letters, the dispatch  
said, were sent by 7,000 members  
of the Brno (Brunn) Catholic  
Women's Union, the Catholic  
Students Union and other organ-  
izations.

The dispatch was sent to  
Czech newspapers within a few  
hours after the Hungarian gov-  
ernment announced that Joseph  
Cardinal Mindszenty, primate of  
Hungary, and 13 other Hunga-  
rian Catholics had been arrested.

Mindszenty was charged with  
plotting against the government  
by seeking to restore the Haps-  
burg monarchy in Hungary. The  
government alleged the cardinal  
wished to overthrow the govern-  
ment and place Archduke Otto  
von Hapsburg on a Hungarian  
throne.

The cardinal and the others  
also were charged with spying  
for the western powers and en-  
gaging in black market currency  
deals.

## FUNERAL DELAYED

Florida state police were trying  
today to locate Mrs. Mildred  
Baird to tell her of the sudden  
death of her father, J. H. Pitten-  
ford at Linden, Mrs. Baird,  
whose home is in Jamaica, Ill., is  
vacationing in Florida and could  
not be reached by relatives.

A short service will be held at  
the home in Linden for the for-  
mer local merchant and last rites  
will also be held from the Rector  
Funeral Home with burial in  
Forest Hill. However, the time  
for the services is being delayed  
pending word or arrival of Mrs.  
Baird.

Third Wednesday Club  
Held Xmas Meeting

On Dec. 18th, Mr. and Mrs. Norval Wagner entertained the members and their families of the Third Wednesday Club with a delightful Xmas party. The high light of the evening was the goose supper with all the trimmings prepared by the hostess and served along with the covered dishes brought by the members. Later in the evening everyone gathered around the Xmas tree and each person received a gift. After a good time of visiting everyone departed at a late hour thanking the host and hostess for a lovely evening.

Guests attending were John White, Anna and Marjorie Hutchison, Mr. and Mrs. Darrell Hutchison and sons Ronnie and Garold, Mr. and Mrs. Clara Her and daughter Shirley; Mr. and Mrs. Emmett Fulford, and Mrs. Lewis Hutchison and daughter Linda, Mr. and Mrs. Clarence Hood, Mr. and Mrs. Zyring Deall, Mrs. Irene Smith, Mr. and Mrs. Wm. McElroy and daughter Marilyn, Mrs. Maude McElroy, Ida McElroy, Mr. and Mrs. Jewell Trout, Mr. and Mrs. John Hiestand, Paul Barnett, Ronald Wagner and Mr. and Mrs. Forest Hutchison and sons Danny, Gordon and Randy.

Fillmore Church  
Women To Meet

Fillmore Christian Church Women will meet Thursday, Dec. 30th, for the regular all day meeting. Pot luck dinner at 12 noon.

Election of officers will be postponed until January meeting. Instead of grab-bag bring money to buy silverware.

Clinton-Madison Club  
Held Xmas Meeting

Clinton and Madison Home Ec. Club held a very enjoyable Christmas meeting at the home of Mr. and Mrs. Vern Sigler, with Mrs. Unger and Mrs. Wiatt assisting. As this was Family Day at the noon hour a pitch in dinner was enjoyed by 32 members and guests.

After dinner each received a gift from the decorated Christmas tree. The men enjoyed card games while the members held their meeting, which was opened by all singing a Christmas carol. Roll call was answered by each telling some ways to make others happy at Christmas time. The usual business procedure followed.

It was voted to buy a health bond. The president-elect read the list of meeting places and hostesses for 1949. It was voted that the treasurer also act as secretary in the absence of Mrs. Giltz who was leaving for the South. The penny collection was taken. Mrs. O'Haver thanked all for the support given her as president for the past year. Mrs. Alma Clodfelter was appointed to write a memorial for Mrs. McCabe, a deceased member. After repeating the club prayer all enjoyed contests which were won by Mrs. Georgie Martin and Mrs. Margaret Soarde, a guest.

The January meeting will be with Mrs. Oscar Martin with installation of the new officers.

Mr. and Mrs. Todd  
Entertained Guests

Mr. and Mrs. Gerald Todd and daughter, Janet, 119 West Berry St. entertained the following guests at a turkey dinner Christmas Day: Mr. and Mrs. Jesse Coffin and son, Mr. and Mrs. Raymond Alexander and family and Mr. and Mrs. Chester Williams and family of Reelsville, Mr. and Mrs. Paul Harvey and daughter of Roachdale and Mr. and Mrs. Charles Squire of Danville.

**SOME AXIS LEADERS "KNEW TOO MUCH"**

WASHINGTON, Dec. 29 — (INS)—Rep. Lemke (R) N. D. charged today that some Axis leaders were executed "because they knew too much." Their lips had to be sealed.

Lemke intimated that he believed they were executed because Allied leaders were possibly afraid they might be implicated in responsibility for the war.

The North Dakota Republican stated:

"Future history may reveal that some of these were destroyed because they knew too much of the devilry of World War II. Their lips had to be sealed."

"History may prove that our own wings were not as white as some of those responsible for World War II would have us believe."

Lemke's statement was embodied in a holiday greeting to his constituents in which he expressed the hope that "in spite of passion, emotion and falsehood, the truth, in the end, will out."

He added: "There were no angels among the war lords of World War II. Brutality was rampant and practiced by all warring nations."

Lemke cited no names and did not indicate whether he referred to Japanese or German leaders, or both, or on what he based his charge.

However, Lemke has inveighed in the past against what he called the "internationalists" and claimed they were responsible for American entry in World War II.

**BETTER, CHEAPER BEEF WILL BE AVAILABLE**

CHICAGO, Dec. 29 — (INS) — More, better and cheaper beef will be available this spring.

That is the cheering word for housewives today from the American Meat Institute, which reports that retail meat prices have dropped 13 per cent in the past three months.

The AMI said wholesale meat prices during the same period have declined 19 per cent. It attributed the decrease to heavy supplies.

Pork prices have led the downward trend which has been somewhat greater than the usual seasonal dip.

The AMI said its figures had been compiled by the U. S. Bureau of Labor Statistics and noted that the break started slowly after September's stratospheric highs.

The survey was based on government and trade quotations reported at New York, Chicago and San Francisco. The three major markets.

The institute noted that a 39 percent increase in the number of cattle on the range would lead to the lowered prices in early 1949.

A spokesman said that the cattle were "being stuffed with good corn" and should make "wonderful eating beef."

**ASK RATE INCREASE**

original petition that expenses for materials and supplies had increased and that its payroll was 60 per cent of its operating costs, which now total about \$35,000,000 a year, the highest in history.

**BONUS SCRAP LOOMS**

INDIANAPOLIS, Dec. 29 — (INS)—A battle over the method of paying the soldier bonus in the General Assembly seemed certain today.

It seemed apparent that Governor-Elect Henry F. Schricker

favors financing the bonus by increasing the gross income tax and the Republican minority in the legislature is lining up for a sales tax.

Both Schricker and G.O.P. Governor Ralph F. Gates are expected to ask for approval of a bonus in their messages to the legislature.

**Direct Primary Bill Is Drafted**

INDIANAPOLIS, Dec. 29 — (UP)—The first draft of a direct primary bill has been drawn.

Rep. Laurence D. Baker, Kendallville, co-author of a similar measure defeated by the Indiana legislature two years ago, said today.

Baker said he planned to introduce the bill in the house and have a copy presented in the senate when the general assembly convenes in January.

Baker spearheaded a drive to enact direct primary legislation in the 1947 legislature but the measure was beaten and a convention reform law adopted the Republican-controlled assembly.

Democrats, pledged by their platform to enact a direct primary, will be in control of the house, and it appeared likely that there would be a democratic policy bill also tossed in the hopper.

Baker said his measure would take senatorship in the direct primary all state offices and the party method. He said it would require the winning candidate to obtain 35 per cent of the total vote.

He said the bill would propose retention of the convention system to draft party platforms.

**STORM HITS MIDWEST**

roads which were expected to be buried under eight inches of snow today. Gusts of 57-mile-an-hour kicked up a dust storm that mixed with the drifting snow at Garden City, Kan., and winds of 63 miles an hour were clocked at North Platte, Neb.

Ice and high winds broke telephone and telegraph wires in Nebraska. Telegraph circuits to McCook and Holdrege, Neb., were knocked out by the storm.

Temperatures fell rapidly in the storm area and many communities reported the mercury hit zero nearly today.

A "silver glaze" of freezing rain spread southward from the Pacific northwest into northern California early today and snow fell in the Rockies.

The coldest spot in the nation was the mountain town of Big Piney, Wyo., which reported 14 below zero. A hundred miles away, at Landers, Wyo., it was 14 above.

**HOSPITAL NOTES**

Mrs. Leona Tuttle of Greencastle, was admitted Wednesday.

Mrs. Mary Harmless of Greencastle R. 1, was admitted Tuesday.

Jerry Brattain of Greencastle, was admitted Wednesday.

**MAY OPPOSE TAX**

INDIANAPOLIS, Dec. 29 — (UP)—A sizable group of Indiana's 1949 legislators favor eliminating the 15-cent state property tax, a United Press survey showed today.

The sentiment toward wiping out the levy completely was not confined to the Democrats, whose state party platform pledged wholesale tax reductions and repeals.

Half of the 149 members of next year's general assembly replied to a U. P. opinion questionnaire, and of the 75 answers, 30 favored removing the 15-cent tax. Of these, 19 were Democrats and 11 Republicans.

**WIRE NEWS**

The organization's final action of its Paris session also calls for withdrawal of Israeli troops from the Negev.

Also today Holland promised the United Nations Security Council that fighting will cease in Java at midnight Friday and that political prisoners will be released.

INDIANAPOLIS, Dec. 29 — (INS)—No serious flood threats exist in Indiana today although the central portion of the state has had continuous rainfall since yesterday morning.

The Indianapolis weather bureau points out, however, that headwaters of the Wabash and White Rivers will approach flood stage within the next 24 hours.

During the last 24 hours from one to one and one-half inches of rainfall have been recorded in central and southern Indiana.

Areas surrounding creek and small river beds probably will be flooded as frozen ground permitted a near complete runoff from high ground areas.

The rain is expected to end about noon today with cold gusty wind blasts taking over and bringing lowered temperatures and possible snow flurries.

Mr. and Mrs. Albert spent Christmas with daughter and family, Mr. Mrs. L. B. Owens in Hagerstown, Md. Mr. and Mrs. Owens left for Chicago for a week.

## Cubs Drill For Jan. 1 Tourney

Coach Tom Goldsberry is drilling his Tiger Cubs daily for the New Year's Day tournament at Martinsville Saturday. The local

high school netters, winners of 7 games in 8 starts, will clash with an up-and-coming Franklin squad in the afternoon opener at 1:15. The Artesian City team clashes with Cathedral of Indianapolis in the second encounter.

There will be a consolation tilt and the championship contest Saturday night. All indications point to a big crowd at both sessions and fans should see some four interesting games. Greencastle's starting lineup against Franklin most likely will be Stan and Jim Fierce, forwards; Art Roberts, center; Don Marketto and Foxx, Smithers or Stites, guards.

## Purdue Netters Defeated Twice

INDIANAPOLIS, Dec. 28.—(UP)—Purdue, unbeaten until involved in the "Hoosier Classic" holiday tourney, was licking its wounds today after defeats from state rivals, but Indiana and Notre Dame wiped their brows in relief that they could salvage 500 tourney averages.

Butler's Bulldogs, hosts to the other three college basketball outfits in the second renewal of the state "big four" tourney, were riding on a wave of increased prestige. They had snapped two Big Nine win strings, even if only in tourney play.

Purdue's Boilermakers, after

in 10th place in last week's United Press prep school rankings, dropped before the inspired attack of a South Bend central team at a tourney at Lafayette yesterday, 57 to 46.

The Red Devils' loss thus shaved the number of unbeaten Hoosier schoolboy quintets to five. It was Central's fifth straight win.

In another tourney game at Lafayette, Jeff moved down East Chicago Washington, 56 to 39. The Broncos were led by Ernie Hall, who scored 14 points and Joe Moltrani, who canned 12.

COLUMBUS REPLACES BEDFORD IN TOURNEY

INDIANAPOLIS, Dec. 28.—The Columbus Bulldogs today replaced Bedford in the New Albany New Year's day basketball tournament, following Bedford's withdrawal because of the death of one of their star players.

Columbus was scheduled to have its own holiday hardwood carnival, but that was cancelled when North Vernon withdrew.

Madison and Jasper make up the

six wins in regular, bowed to Notre Dame on the opening night of the two-day tourney Monday last night. Butler took a 100-point lead in the second game, 100-0, doubleheader and outlasted the Hoosiers, 47 to 46.

This Fence  
around Indiana  
Costs You

Did you know that...

167,000 persons—one out of every six Hoosier wage earners—are employed by the trucking industry in Indiana?  
1580 Indiana communities (49% of all in the state) depend entirely on trucks for commerce?  
80% of Indiana's trucks are owned by private carriers hauling their own products?  
Trucks paid almost \$15,000,000 in license fees and taxes to the State of Indiana in 1947—nearly equal to the entire amount spent by the State Highway Commission for maintenance and construction in the fiscal year 1945-46?

● Indiana, once America's Cross-roads, is now America's Bottleneck. Restrictive truck regulations have built a fence around the state, forcing you to pay more for everything you eat, use and wear.

Special interests have succeeded in keeping restraining laws and barriers on the books for years. Suspended during the war, these horse-and-buggy regulations are back in action again. For example, Indiana is now the only state in the nation that limits truck lengths to less than 45 feet. Motor trucks entering Indiana haul only a fraction of the loads they could carry easily if our laws were like those of surrounding states.

This hikes up prices for you, the consumer.

Twenty-three other states modernized their trucking laws two years ago. Indiana can easily do the same. If you don't get relief during the coming session of the legislature, you will continue to be a victim of "highway robbery" for at least two more years. Let your state senator and representative know what you think about this extra cost in your cost of living.

## Farm News

Have you ordered trees for next spring's planting? If not, it is time to do so suggests Edgar Lott, Purdue extension forester. Word received this week from the State Nurseries indicates that Scotch pine and Austrian pine are now no longer available since orders exceed supply. The same situation will exist with the other species in the near future. It is expected that supplies of red pine and tulip poplar will soon be spoken for. The species still available are black locust, tulip poplar, soft maple, jack pine, red pine, arbutus pitch pine and spruce. Loblolly pine, Virginia pine and shortleaf pine are also available for the area south of U. S. Highway No. 40.

Farmers interested in putting small waste areas to practical use by planting trees would do well to visit their County Agricultural Agent and see about ordering trees soon. They must be ordered in advance for shipment in the spring. "Every year a number of people come in in March and April to inquire about trees when it is too late," states District Extension Forester Ed Lott. Don't let this happen to you—order them now so as to be sure they will arrive in time next spring.

Mountains of cobs from one of the chief by-products of the great corn crop grown yearly in

Indiana. More and more of these cobs are finding their way into hen houses as litter. Alexander Gordeuk, poultry specialist at Purdue University, observes. Most farmers crush the cobs before putting them into the pens. Others have tried using them just as they come from the shellers and find they will work quite well even in that condition. Still others have mixed straw with the cobs.

Whole cobs litter for poultry have two shortcomings most flockowners agree. They are hard to walk on and the litter is somewhat difficult to handle. Crushing the cobs effectively eliminates these drawbacks.

As with any other litter, cobs work best when used generously. Gordeuk says that a deep litter should be used in all poultry houses. A depth of six inches should be considered average. Some poultrymen like even more. Since cobs are so cheap, it costs very little to have a good, deep built-up litter and is within the financial reach of anyone who keeps poultry.

A deep, dry litter adds materially to the comfort of the hen and aids in the production of clean eggs. The lowly corn cob, worthless in the past, has found another use and is contributing considerable comfort to corn country chickens.

## Inside WASHINGTON

MARCH OF EVENTS

Special to Central Press  
WASHINGTON—The aircraft industry has just completed a secret survey which reveals that reconversion to an emergency or semi-war basis is encountering difficulties.

Companies which build warplanes were queried as to progress in meeting the government's request that they reverse the reconversion field again and get ready to build fighting craft on 24 hours' notice.

Replies were almost unanimous. The companies are having difficulty in getting materials, labor and talented design engineers. They say subcontractors are loath to abandon lucrative peacetime affairs to start doing business again with the government, where profits are limited.

The huge wartime labor force has dispersed into civilian industry and likes the big pay. Engineers, ditto.

Added to this is the fact that the complexities of aircraft developed in the last decade make the lightning-fast warplanes of today 10 times as difficult to design and produce as World War II types.

The industry, on a "bicycle shop" basis in 1939, was suddenly called upon to become a 40 billion dollar proposition. Then, on V-J day, came the inevitable, almost-complete liquidation. Now, less than three years later, the plane builders are faced with the old problems all over again.

● SENATE LABOR CHAIRMAN—A fight is shaping up for the Senate labor committee chairmanship in the new Congress.

It probably will go to Utah's veteran Elbert Thomas. However, there may be some fireworks first. Some labor unionists already are exerting pressure to get the chairmanship for Senator James E. Murray (D), Montana, who is regarded as a bit further "left" than Thomas on labor issues.

Murray advocates hinge their claim on the fact that Murray is the former labor chairman. That was because a situation arose in which Thomas could be either labor or military affairs chairman, and chose the latter.

However, no such situation exists at present, and Thomas has seniority on the labor committee.

● ROUGH RIDING FOR AIR FORCE—Air power advocates are preparing a defense against likely cuts in the size of the Air Force during the 81st Congress. While it is popularly assumed that the United States has a 70-group force, actually it has but 55.

Two or more of these may have to go if the 81st Congress stays within President Truman's projected 15 billion dollar ceiling on the national defense budget.

The 80th Congress gathered wide publicity by its 70-group Air Force bill. However, it actually appropriated funds only for the first year of a long range program to that end. But Mr. Truman and Defense Secretary James Forrestal—realists on the subject of airpower—fear that overemphasis on Air might get the armed services out of balance.

● JACKSON GHOST—President Truman stirred recollections of his favorite historical hero, Andrew Jackson, by moving across the street into Blair House for the year or more it will take to renovate the White House.

The house is named for Francis P. Blair, whom President Jackson brought from Kentucky in 1831 to be editor of the administration newspaper, *The Globe*.

It was at Blair House that Jackson was reputed to have made the statement that he had three regrets concerning his administration: that he had been unable to "shoot Clay, hang Calhoun and annex Texas."

# AUTO PRODUCTION NEAR 1929 RECORD

DETROIT, Dec. 29—The car industry will build about 90,000 more vehicles this week to wind up 1948 with a total of 5,275,000 units.

That will be only about \$3,500 vehicles short of the 1929 record mark.

Next year the car factories should produce at least 5,625,000 cars and trucks, including 4,400,000 passenger units.

Although truck production will show a decline of about 10 per cent because the factories are catching up with demand passenger car output will be a little less of a possible leveling off in

buyer interest. The manufacturers see a heavy potential demand that can be brought out with a little selling effort.

THEY'RE STILL redecorating at the White House. Everything new but the faces.

Well, housing is one of Truman's prime aims. The election gave him a kitty of two in Congress.

They say a leg of Margaret's piano went through one of the White House floors. Probably she doesn't like to be accompanied on a sliding scale.

Not only the floors, but the ceilings will be taken care of,

according to campaign promises.

There won't be as many changes, however, as most people thought. The Republicans even wanted to install new people.

They called for a housecleaning and Truman is giving it to them.

Maybe that balcony gave Truman the bug for changes. Look he got a place to sit and look things over he isn't overlooking things.

# GETS HIS BIRD BUT ALSO GETS BIRD IN COURT

MENDON, Ill. (UP)—Thomas Bastin of Mendon paid \$31.85 for a wild goose that belonged to him.

Bastin shot the goose while hunting near a bird sanctuary. The bird flew into the sanctuary before it fell to earth. Bastin climbed into the refuge and took his goose out of a lake.

A conservation officer who arrested him admitted to the judge that the bird was Bastin's but that Bastin should have asked him to get the bird.

The judge charged Bastin the \$31.85 for invading the bird refuge.
